NOTICE

Dear Members,

In recent years, a vast number of kosher products have appeared on the Czech market. These are products that either carry a kosher logo on their packaging or are listed in foreign kosher product lists.

Unfortunately, it is no longer within our capacity to monitor all new additions to the kosher assortment or changes in international kosher lists.

On the following pages, you will therefore find only links to current international lists and authorities whose certified products are available on the Czech market. Each link is accompanied by a brief overview of key products.

If you have any questions, please contact us at: kosher@kehilaprag.cz
